- Claims 26-30 have been cancelled.
- Claims 1-4, 6-9, 11-14 and 21-24 are pending in the application.

Allowable Subject Matter

1. Claims 1-4, 6-9, 11-14 and 21-24 are allowed.
2. The following is an examiner's statement of reasons for allowance:

The prior art of record teach various methods, systems and apparatuses for performing variable data printing. The prior art of record, however, does not teach, disclose or suggest the claimed limitations of (in combination with all other limitations in the claim), a “a generation unit adapted to generate, in response to a received request from the external apparatus, print data corresponding to a preview displayed on a display screen on the external apparatus, wherein the generation unit generates print data by merging the reusable object in the template data and the variable object by using the reusable object, the index of the variable object and the position data of the variable object in the template data, and wherein the index of the variable object is extracted from the template data and the index of the variable object from the template data is used during the merging process”, as claimed in **Claim 1**. Similar features are claimed in Claims 2-4, 6-9, 11-14 and 21-24. Therefore, Claims **2-4, 6-9, 11-14 and 21-24** are allowable over the prior art of record for the same reasons.
